Job description:

Gas Fitter/Gas Utility Operator
Full Time – Permanent

Rocky Gas Co-op Ltd. is a not-for-profit cooperative that owns its own natural gas distribution system and supplies natural gas to its members in our franchise area. We operate on three key principals: Service, Safety and Satisfaction.

We are currently looking for a full time Gas Fitter/Gas Utility Operator to join our team in Rocky Mountain House, Alberta.

Position Responsibilities Summary:

In this team environment you will play an integral role in the technical and work leadership in the areas of gas measurement, regulation, maintenance of utility operations, and construction of natural gas transmission and distribution systems. Perform inspections of distribution system at regular intervals. Abide by codes of all regulating bodies, Alberta Energy Regulator, Alberta Environment, Rural Utilities and Energy Utility Board. Must be able to participate in on-call schedule on a rotational basis.

Qualifications Include:

- High School Diploma or equivalent
- Journeyman gasfitter ticket
- Gas Utility Operator ticket is an asset
- Valid Class 5 driver's license with a clean abstract
- Experience in gas distribution preferred
- Mechanical aptitude and dexterity in the use of tools, equipment and instruments, along with physical ability to perform a variety of manual tasks. Work is performed with exposure to the outdoor elements.
- Good communication, organizational, decision-making skills, and a strong work ethic
- Good working relationships and customer service skills
- Proficient with electronic documentation (MS office skills an asset)
- Motivated and works independently maintaining a high level and quality of performance
- Safe work habits and adherence to safety regulations

Training Requirements:

- Certification PE Fusion
- Ground Disturbance
- Line Location & Construction Safety
- First Aid, H2S, Fall Arrest, Confined Space, Ground Disturbance
- WHMIS, TDG, RMO Level 2, Cargo Securement would be an asset.

*Candidates not meeting above qualifications may be considered and are encouraged to apply.

Typical Activities/Tasks

- Gas meter installs
- Operate and maintain Natural gas regulating, metering and odorizing stations
- Gas leak detection and CO leak detection
- Relief/PSV maintenance
- Line heater maintenance/inspections
- Cathodic testing/Anode replacements
- Line walking/Right-of-way inspections

Rocky Gas Co-op Ltd. values safety, honesty, loyalty, respect, reliability, accountability, and ethical behavior.

Key Relationships

- Workers/Leads: Daily to ensure proper completion of tasks
- Manager: As needed regarding performance and competency
- CSO Coordinator

Other Key Knowledge

- Selected applicant may be required to successfully pass a pre-employment, client requested, post-incident or random Drug and Alcohol Tests and results will dictate employment eligibility.
- All projects will be located throughout the Rocky Mountain House geographic region including, Clearwater County, Red Deer County and Lacombe County.

What We Offer

- Empowered and motivated employees are the source of our success and the basis for our growth. We recruit energetic and motivated staff dedicated to delivering the utmost value to our customers by efficiently performing accurate surveys and providing timely professional results. We're proud of our team and committed to providing opportunities for our employees to develop both personally and professionally. You won't get lost in the numbers here but rather enjoy positive guidance as you learn and grow. Rocky Gas Co-op Ltd. is proud to be an equal opportunity employer.

****We thank all applicants for their interest: however, only those applicants selected for an interview will be contacted.***
